Breaking down Convergence: our message **Calling, Assignment, Sphere, Anointing**

Convergence is doing what you are called to do and doing it with God.

Calling: = a work to do, a sphere

You are anointed to do this work, set by God, gifted by God to do this work, this is your **calling**.

Sphere: = Your sphere is what God is inviting you to do with Him, the area of your assignment.

Assignment: Your work, what you have to do for God, what God put you on the earth for

Anointing: = Your unction to function, your source of empowerment for your work, your connection to the power of God for the earth.

Everyone who **believes** that he or she has a **calling!** Needs to be in Convergence

*“A man has to **believe**”*

That need to know is the knowledge that you need to know that God is at work in you to help you take territory so that He can then go to work through you within the sphere of your assignment; this is convergence.

How do you know that you are called?

You just know, in your knower by your passion, your desire.

Our job is to make you acquainted with your **calling**, your **anointing**. God is **calling** you to work with Him; you must know your assignment. It is that knowing that is your source of power. *“A man has to believe”*. God will give you the revelation about your assignment and you will have to believe that He is calling you. It is that belief that will grow your connection to God. Hence forth you will do nothing without God.

Our Message

This is our message; the biggest ghetto in the world is in South Africa in the middle of abundance; the situation in Haiti is right in our backyard the richest country in the world, you can do nothing to make a fundamental difference, change anything without God. Convergence will help you connect with your assignment so that you can connect with your anointing then you can have the power to affect changes. Your **anointing** is the power of God manifesting in your assignment. *“There is an anointing that matches your calling; it is your unction to function in your assignment”*. It will empower you and bring you to deeper revelation. God will reveal to you what He intended to do in the earth. Whatever the spirit of God reveals to you by your anointing, nothing in hell can stop it from manifesting. Your holding on to God will give you access to that anointing. Apart from God you cannot change this system of things. This is our message; you can do nothing to change this system of things, these ghettos, and these shanty towns without God. They are part of this system of things, the fuel that maintain this system of things.

Robert Noel

Jean "Robert" Noel, is proclaiming God's word that He is putting an end to Third World Mentality, Third Class Rated World and ushering a new World of Accelerate Living. We are helping you tap in the realm that will make you influential in your assignment, helping you tap in your anointing so that God can work with you, helping you make His dream a reality. Through his website Robert is teaching people about their possibilities in Christ, helping them understand the forces that shape human existence, the forces that restrain and keep humanity behind going backward and the forces that propel and excel humanity moving forward; the forces responsible for stagnation and retardation, the true cause for racial prejudices and discrimination in the world. His website is about knowledge and understanding, revealing truths that were hidden from us, exposing the works of darkness and making ways for God's truth to take roots in our heart.
