

Agreement

Renew your mind, conform your mind with what the word of God says, let the mind that is in Christ be also in you, call on those things that are not as thou they are, all of these are words that speak of agreement. According to the learned and the wise the world is an agreement, our perception of reality is an agreement, our individual world as well as the greater world is an agreement. We need agreements for everything we see. There are three ways that we can use to make an agreement. First the world is an agreement between you and God; if you can agree with what God says; your world will conform to it. Second the world is an agreement between you and yourself. If you believe in your knower that the world should be a certain way as God described it to you; you shall have that world. Third the world is an agreement between you and your fellow human beings; there come the questions that I want to ask you. The world is an agreement and all that you have to do is answer yes to these following questions and the world will conform to our agreement. First you and I must agree that what we see in the world is real.
