

BETTER LIVING WORLD

NEWS UPDATE

Life is a struggle

Life is a struggle between the unseen, the intangible and the physical, the tangible. How much you can make the intangible part of your life is how spiritual you are. There is no motivation in life without needs; it is our needs that drive us in life. How we fulfill these needs determine rather our consciousness or awareness in life is physically oriented or spiritually oriented. Life is a struggle between the tangible, physical world versus the intangible, spiritual world. Life is a balancing act between two worlds. We need to find ourselves in the middle. *"The Lord is my shepherd and I shall not want"*; putting our dependence on God to manifest our

need is what is giving us peace in life, balancing us. *"With Him, by Him and for Him"*, we are constantly driven by our needs, to find peace; we need to put our dependence on God. We are motivated in life by our needs; living is fulfilling the needs that are driving us. Casting our cares upon Him means that we are living with the awareness that it is the spirit of God that supplies our needs. It is God, the unseen, the intangible, that supplies the physical. *"All eyes look up and He provides their food"* Are we going to be all depending on the physical, the seen and not having the awareness that the physical was once spiritual before it became flesh? The word was made flesh; He existed before. The word is a person, He was intangible, He was spiritual and He became flesh bridging heaven and earth.

Our Motivation to Live

There is no life without the motivation to live; so living is fulfilling your needs. Your motivation to live life is a balancing act between the physical and the spiritual; between the intangible that is yet to be physical and the physical that is in need to be conscious of the intangible whence it comes, between the physical that is in need to remain physical denying the existence of the intangible. So the game of life is consciousness, a consciousness that wants to remain physical and a consciousness that wants to be

conscious on its intangibility, spirituality. The struggle is in essence between the physical and the spiritual, the flesh and the spirit. The physical is what was; this is why we are always one step behind reality, recollecting the moment that has just passed. What is God's role in all of that?

The Game of Life

What is the essence of life? I say that it is consciousness, Awareness.

Life is a struggle; this is all it is, a struggle between the flesh and the spirit, how much of one you can be versus the other; you are in the middle. The middle is you; the middle is life, living, conscious, awareness. You are; you exist because you live. You are alive and how you sustain your life is what is at stake. Human motivation, your motivation to live; how much you can make the intangible part of your life is the game of life.

Life is manifesting your needs from the intangible to the tangible, from the spirit world to the physical world; how you satisfy your needs determine rather you are of one or the other. Which are you? Are you depending on God to supply your needs?

Beatitude: The Flamingo Effect

“The just shall inherit the earth”; the blessing of God will come to us only through righteousness. Righteousness is the antidote against poverty. You need to consume the antidote of righteousness daily so that you can be cured or make yourself unpalatable so that the devil cannot feed on you. Righteousness is poison to the devil; he feeds on us and leaves us dry and lifeless. And if you consume the bread of life daily; you will become unpalatable food for the devil; he will stop feeding on you. You are what you eat; just like the flamingos who feed on the shrimp and become the color of the shrimp as so shall you when you eat the bread of life, the true manna from heaven. *“I am the bread of life, the true manna coming down from heaven”*. *“Unless you eat My flesh and drink My blood; you have no life in you”*. The devil feeds on us daily; he left us dry and lifeless. Jesus is the antidote against poverty, because He is the righteousness of God. You are made righteous before God because you feed on Him and you become like him. By feeding on Jesus daily there is a two fold benefit; first, the devil stop feeding on you, secondly, you become righteous and take upon yourself the righteousness of Jesus. Show your true color to the world, just like the flamingo, take on yourself the color of righteousness; the grace of God made available to you the righteousness of God through Jesus Christ.

The Flamingo Effect: is the same as the Righteousness effect by feeding on Jesus

Astaxanthine is a pink pigment produced by plants and algae. It is Astaxanthine that gives Flamingos their pink color. When shrimps eat algae the astaxanthine contained in them is incorporated into their chitin shell. When the Flamingos eat the shrimps the flamingos then incorporate the pigment into their feathers. You are what you eat, you become the food you eat. *“I am the true bread of life, the true manna coming down down from*

heaven". *Man shall not live by bread alone, but by every word that proceed out of the mount of God*"; Jesus is the word made flesh. By consuming the word of God daily, we eventually become like the word we eat, we become like Jesus. This is the true antidote against poverty, for God will only bless us through His righteousness. Jesus is the righteousness of God; He is the seed of righteousness that God promised to bless us, bless humanity, all of the family of the earth. By us feeding on Jesus, we become like Him, we then become covered with His nature, His color and God only sees Him, not us. The earth belongs to us, the righteous. To be just and righteous is the same thing; "*The just shall inherit the earth*".

You are the righteousness of God through Christ who redeemed you:

Hence you are declared righteous; God does not see you; He sees your righteousness. This is the only thing that pleases God. God has only one need; that is the need to be righteous, Divine and Holy; everything that He ever did for man, was to instill His righteousness in man. When God is happy, He releases His blessing on us; His Holiness is what makes God happy. If God is happy, you can be sure that you will see His glory. We all have been transformed in the image of God; we shall be like Him. We were created in the image of God but that image was covered with sin. Sin is quantitative; Jesus said that when you sin, it attaches itself to you and eventually sin will cover your entire body. When you feed on Jesus; He becomes the antidote that removes sin out of your system and replaces it with His nature. As you continued to feed on Jesus; you eventually become righteous like Him. Like the flamingo, we are covered with His essence. When God sees us; He sees His reflection; He is happy. And when He is happy, He releases His blessing and His blessing glorifies us. It is the blessing of God that glorifies us.

Your righteousness is of Him:

Your righteousness is of Him, your security and your care belong to Him. You belong to a new world, a new government. Jesus now takes over your life; you have His mark on you and His essence in you. In any system of government, the people need representation, someone to look after their interests, to mediate for them. In the kingdom of God, Jesus is your representative, your mediator who is looking out for your interest. As it is on earth as so it is in heaven, hence you commit yourself on earth to a lawyer to represent you, to defend your rights, the same is done in heaven. You commit your life in the hands of Jesus; He is your advocator, your lawyer in heaven; your righteousness is of Him.
