

The Third Factor

“Where two or three are gathered in My name, there I shall be also”. If you decide to do something other than for yourself, God is in it. God will be in the midst; God will weave into your conversations, help you with your works and if your words and deeds are memorable enough, God will write them down in the book of remembrance for eternity. It is not what you do that will last for ever; it is what God do through you that will last forever. Find a need and meet that need and that will invite God in your midst; this is **The Third Factor**. You can do something on the side other than for yourself, for your family or for our work. Find something that you can do that will invite God in your midst, with one or two people God will be there helping you and recording your deeds and your words. He will be in there with you if you let Him.

Synergy

“The Holy Spirit of God will synergize you and exponentially increases you”.
